1. VISION AND VALUES

Featherstone Wood Primary School is a learning community school where everyone is given the opportunity to fulfil his or her potential.

We view learning as a shared experience which everyone is able to enjoy, irrespective of their ability, gender or background.

We learn best in a secure, friendly environment where we can take risks without fear of judgement or failure.

We enjoy working collaboratively so that we can learn from each other and share our own ideas and experiences.

We take pride in our achievements, and enjoy celebrating our individual and collective successes.

We understand the importance of challenging ourselves, and being challenged by others, in order to make the most of our abilities.

We want to be inspired by our learning, and understand that we have an active role to play in ensuring that our school experience is exciting and engaging.

We know that the skills, knowledge and understanding that we gain here will help us to choose which direction we take in our lives.

We appreciate the need to understand ourselves – how we learn, what makes us who we are and how we can develop as a person.

We have a responsibility to make a positive contribution to our community by taking advantage of the opportunities that are presented to us.

We are aware that we are responsible for our own learning, and that our attitudes and values can also have an impact on the learning experiences of others.

Our vision

At Featherstone Wood, we provide the tools to equip our children to be respectable, caring and honest. We encourage innovation and achieve excellence through a motivating curriculum, where high personal expectations and ambitions are the key to lifelong learning.

We work closely in partnership with children, families and our communities to nurture, demonstrate and teach positive values to develop confident life-long learners with tolerance and understanding.

Our classrooms are workshops for learning.

Our aims

- To value young people as individuals and to encourage and celebrate personal endeavours and achievements;
- To provide a range of studies, social activities and a spiritual awareness which recognises individual needs and which will enrich the corporate life of the school and the community at large;
- To maintain a well-ordered atmosphere in which young people and adults feel included, can work responsibly and purposefully together and treat each other with care and respect regardless of gender, race and cultural background or disability;
- To foster a positive partnership between pupils, parents, teachers and all those connected with the school, based on mutual trust and understanding.
- To treat all learners as of equal value:
 - Whether or not they are disabled
 - Whatever their ethnicity and culture
 - Whatever their gender and gender identify
 - Whatever their religious or no religious affiliation or faith background
 - Whatever their sexual identity

We foster positive attitudes and relationships, and a shared sense of cohesion and belonging

We intend that our policies, procedures and activities should promote:

- positive attitudes towards disabled people, good relations between disabled and non-disabled people, and an absence of harassment of disabled people
- positive interaction, good relations and dialogue between groups and communities different from each other in terms of ethnicity, culture, religious affiliation, national origin or national status, and an absence of prejudice-related bullying and incidents
- mutual respect and good relations between boys and girls, and women and men, and an absence of sexual and homophobic harassment.

We observe good equalities practice in staff recruitment, retention and development

We ensure that policies and procedures should benefit all employees and potential employees, for example in recruitment and promotion, and in continuing professional development:

- whether or not they are disabled
- whatever their ethnicity, culture, religious affiliation, national origin or national status
- whatever their gender and sexual identity, and with full respect for legal rights relating to pregnancy and maternity.

We aim to reduce and remove inequalities and barriers that already exist

In addition to avoiding or minimising possible negative impacts of our policies, we take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist between:

Featherstone Wood Primary School

- disabled and non-disabled people
- people of different ethnic, cultural and religious backgrounds
- girls and boys, women and men.

Society as a whole should benefit

We intend that our policies and activities should benefit society as a whole, both locally and nationally, by fostering greater social cohesion, and greater participation in public life of:

- disabled people as well as non-disabled
- people of a wide range of ethnic, cultural and religious backgrounds
- both women and men, girls and boys
- people with different sexual orientations.

2. SCHOOL CONTEXT

2.1 *The characteristics of our school*

We are a one form entry primary school, with 178 children currently on roll.

- The difference between the number of boys to girls (44%:56%).
- Percentage of learners from minority ethnic groups (16%) is in line with national average.
- Percentage of learners whose first language is not English is 16%
- 27% of learners are identified as receiving SEN support
- At present, 47 children are in receipt of pupil premium in the school.
- Pupil mobility is high but within the normal limits for Stevenage. For 2020/21, 4 children left the school during the year, and 15 started.

3. THE CURRENT SITUATION

3.1 Standard procedures and processes of our school – Disability

Definition of Disability

A person has a disability if he has a physical or mental impairment which has a substantial or long-term adverse effect on his ability to carry out normal day-to-day activities”

This covers the following categories:

- Mobility
- Physical coordination
- Manual dexterity
- Continence
- Ability to lift, carry or otherwise move everyday objects
- Speech, hearing, eyesight
- Memory or ability to learn, concentrate or understand
- Perception of risk or physical danger

Featherstone Wood Primary School

- The definition was amended under the 2005 Disability Amendment Act to:
- Include all those with cancer or surviving cancer
- Include those with HIV or Multiple Sclerosis from the point of diagnosis
- Remove the requirement for mental impairment to be clinically well recognised

There will be an overlap between those pupils with SEN and those with disabilities.

School performance

Evidence is gathered and analysed as part of the school cycle of self-evaluation on the following:

- Achievement and progress at the end of each year by pupils with disability

3.2 Standard procedures and processes of our school – Gender

Featherstone Wood Primary School is committed to

- eliminating sex discrimination and harassment;
- promoting equality of opportunity between men and women, boys and girls;
- valuing all sections of the school community;
- striving to ensure that every individual has the opportunity to achieve to the best of their ability.

Resources are chosen that have positive role models in terms of both sexes with no stereotypes. All staff throughout the school and governors provide strong role models for both sexes. Pupils can attend all clubs, regardless of gender. When recruiting staff the school does not discriminate on grounds of gender or sexual orientation.

Transgendered people are explicitly covered by the gender equality duty. The term transgendered refers to a range of people who do not feel comfortable with their birth gender. The school will respect the confidentiality of those seeking gender reassignment and will provide a supportive environment within its school community.

Equality of Gender is embedded within the ethos of the school. We ensure it is taking place by

- Analysing assessments and developing gender data;
- Supporting groups and tracking individuals;
- Analysing curriculum planning, ensuring inclusion and equal subject access;
- Providing positive role models;
- Researching and developing a range of learning and teaching styles;
- Regular review of policies;
- Arranging meetings so that working parents are able to attend.

3.3 Standard procedures and processes of our school – Race

Pupils need to be made aware that we live in a diverse society, in which appropriate, positive attitudes and behaviour need to be adopted.

The school aims to create an environment where no one should experience racial harassment, whether directed at them or at a fellow student.

All staff promote positive attitudes, language and behaviour amongst pupils at all times in and outside the classroom.

Many racial incidents will be of a less obvious type and, therefore, difficult to detect and deal with. Incidents may not occur in the presence of teachers or adults. It is, therefore, important that strategies are developed which will ensure all members of the school community are sensitive to, and take responsibility for, reporting and dealing with such incidents.

Positive behaviour and attitudes towards others will be encouraged through the example set by staff and through opportunities in the curriculum which will include diversity issues and racism.

The school works hard to provide a curriculum with culturally diverse aspects to reflect the diversity of the school population. The school emphasises the need for respect for the varying values and attitudes of different ethnic groups. Assemblies sometimes concentrate on different religions and cultural themes including festivals and stories from other countries.

Curriculum Maps give an overview of all Topics across the school. themes, whole school events, happenings and main religious celebrations are also noted on this map. In deciding the topics, consideration has been given to:

- Breadth and balance across all areas of learning
- Celebrating cultural diversity
- Globalisation & Local issues
- Sustainability
- Community cohesion

3.3.1 Identification of racist incidents

3.3.2 Referral of racist incidents

3.3.3 Action in responding to racist incidents

Please refer to the school's policy '**preventing and dealing with racist incidents**' for further information and clarification.

3.4 Standard procedures and processes of our school – community cohesion

We believe that the concept of Community Cohesion is best summarised under three headings:

Featherstone Wood Primary School

- Teaching, learning and curriculum – helping children and young people to learn to understand others, to value diversity whilst also promoting shared values, and to promote awareness of human rights and to apply and defend them.
- Equity and excellence – to ensure equal opportunities for all to succeed at the highest level possible, striving to remove barriers to access and participation in learning and wider activities and working to eliminate variations in outcomes for different groups.
- Engagement and extended services – to provide reasonable means for children, young people, their friends and families to interact with people from different backgrounds and build positive relations, including: links with different schools and communities; the provision of extended services; and opportunities for pupils, families and the wider community to take part in activities and receive services which build positive interaction and achievement for all groups.

We believe our school has a key part to play in promoting community cohesion through our approach to:

- Teaching and learning: teaching pupils to understand others, promoting discussion and debate about common values and diversity
- Equity and excellence: removing barriers to access and participation, offering equal
- Opportunities to all pupils to succeed at the highest level possible
- Engagement and ethos: providing opportunities for children, young people and their families to interact with others from different backgrounds

How our school promotes community cohesion:

Our approach includes a range of activities. Within the school these include:

- Charity days/events (i.e. Red Nose Day, harvest festival)
- Visitors from various agencies and community groups to work with the children
- Encouraging 'pupil voice' through regular monitoring
- Promoting engagement with parent through; Parents' evenings, curriculum evenings, community events, the signposting of parent and child courses, family learning, website etc.
- links are fostered and encouraged, enabling multi agency working between the school and other local agencies, such as the police, social care and health professionals
- Providing access to (or signposting) extended services and community use of facilities for activities that take place out of school hours, including adult and family learning
- LA and school admission arrangements promote community cohesion and social equality
- Promotion of extended services within our school.

3.5 Standard procedures and processes of our school – age, sexual orientation, religion and belief

Religious Beliefs:

In accordance with the law, we hold a daily Collective Act of Worship which is of a broadly Christian ethos. All Key Stage 1 and 2 pupils attend the school's Act of Worship each day, which is led by various members of staff. We also encourage visitors to join us and lead us in our assemblies, including Bridge Builders. The aim of our assemblies is to encourage children to develop positive attitudes to themselves and others. We expect all children to attend assembly. However, parents can request permission for their child to be excused from attending religious worship and the school will make alternative arrangements for the supervision of the child during the period concerned. Parents do not have to explain or give reasons for this. This complies with the 1944 Education Act and was restated in the 1988 Education Reform Act.

At Featherstone Wood children and staff are permitted to wear jewellery on religious grounds such as a small object of religious significance. We also permit children to wear head scarves.

Sexual Orientation

Featherstone Wood Primary School makes sure that we do not discriminate in delivering any part of the school curriculum or extra-curricular activities. For example, we do not prevent a pupil from taking part in a residential school trip, make a male pupil get changed for PE separately or prevent a girl from being a member of the school council because s/he is, or is perceived to be gay. We aim to provide appropriate care and support for young people with their emerging identity.

We have involved a number of staff, pupils, parents and others with particular interests in the development of this scheme. We will continue to consult various stakeholders on this scheme and on our policies (see our Action Plan).

6.1 Ensuring Equality of Opportunity and Participation

The school will ensure that:

- Pupil achievement is monitored by race, gender and disability and any trends or patterns in the data that may require additional action to narrow the gap are addressed;
- All staff are aware of the school's Equality Plan;
- The talents of disabled pupils are recognised and represented in Gifted and Talented programmes, and representation on the programmes fully reflects the school population in terms of race and gender;

- Disabled children can take part in all aspects of the curriculum, including educational visits and journeys; lunchtime activities; PE and dance and assemblies;
- **Extended school activities such as breakfast and after-school clubs take into account pupil needs and access issues and pupils attending reflect the diversity of the school population in terms of race, gender, disability and socio-economic status;**
- Staff, pupils, parents and carers will continue to be involved in the future development of the Equality Plan through input and feedback from surveys, staff meetings, school council meetings, parents evenings etc.

The school will provide:

- Extra and additional support for pupils who are under-achieving, in order to make progress in their learning and their personal well being, e.g. ensuring that children with visual impairment have accessible texts; that children with hearing impairment have an enhanced acoustic classroom environment;
- Additional support for parents of under-achieving children (e.g. reporting progress; discussing needs);
- Additional support for disabled parents/carers and staff to help them to play a full part in the life of the school (e.g. providing a sign interpreter for a deaf parent; ensuring that meetings are held in the most accessible parts of the school to support wheelchair users).

7: IMPACT ASSESSMENT

Evaluating the impact in terms of the outcomes

The school will collect and analyse evidence and data on children's achievement, attendance and participation by race, gender and disability, and use this to inform strategies to raise achievement.

The governing body will report annually in the School Development Plan/and or annual report to parents on the effectiveness and success of its Equality Plan. We will place the report alongside the plan on our website.

On a regular basis the school will gather and review the relevant data and statistics, in order to assess the impact of our policies with regard to disability, gender and race. The activities are listed below:

Impact Assessment Activities:

- Statistical analysis – comparing the situation after implementation of an action to the earlier situation; comparing school data/results to the national/County averages; comparing our data to similar schools (context, size, locality, etc.)
- Conducting a regular stakeholder survey to ask about noticed changes
- Undertaking a regular 'risk analysis' to check for change
- Policy and process reviews to identify any necessary changes
- Termly reviews of action plans (to form part of School Development Plan)

All school policies will be impact assessed at the time of review and issues arising will be carried forward into the equality action plan.

Equality Impact Assessments

The school will generate equality impact assessments. These assessments will be used to analyse whether the planning has any impact on one or more groups. These will help to ensure that there is no unlawful discrimination against certain individuals or groups and that the positive duties are promoted.
