3. Barriers to future attainment (for pupils eligible for PP)		
In-school barriers <i>(issues to be addressed in school, such as poor oral language skills)</i>		
A.	Low levels of language development for disadvantaged pupils including low levels of speech and language development and delay.	
B.	Turbulent and chaotic home lives.	
C.	Poor emotional resilience and self-regulation skills impacts on many children's ability to work collaboratively and accept challenge in their learning.	
External barriers <i>(issues which also require action outside school, such as low attendance rates)</i>		
D.	Parental engagement.	
E.	Pupil attendance and disadvantaged home environments	
4. Desired outcomes <i>(Desired outcomes and how they will be measured)</i>		Success criteria
A.	To address the gap in language development of those eligible for EYPP funding. Targeted support delivered by Wellcomm trained staff through dedicated time. To secure training for all staff and to effectively use the expertise of current trained staff.	All children screened at the beginning of the Autumn term. Gaps identified and interventions planned throughout the term. Termly monitoring of progress. Speech and language support service sought for identified individuals. Percentage of Pupil Premium pupils achieving ARE in Communication and Language in the EYFS will increase.

<p>B.</p>	<p>To address identified gaps in learning in Reading, Writing and Maths to achieve positive progress for disadvantaged pupils.</p>	<p>Termly monitoring of pupil progress.</p> <p>All staff identifying gaps in learning. Pupil progress meetings to discuss progress.</p> <p>Planned targeted support and immediate 'catch-up' activities implemented throughout KS1 and KS2</p>
<p>C.</p>	<p>To secure an increased percentage of disadvantaged pupils at KS2 achieving ARE in both writing and RWM combined.</p> <p>To address identified gaps and barriers to ensure that disadvantaged pupils achieve age related expectations in Y1 Phonics Screening, in line national comparators.</p>	<p>Training provided for all staff in evidenced intervention and quality first teaching particularly in teaching of spelling and writing gaps. In addition Quality Feedback, addressing writing gaps in learning and challenge through Quality First teaching.</p> <p>Staff to receive training in identifying and addressing gaps in phonics development. Vocabulary acquisition and phonics intervention is effectively delivered to targeted pupils to secure accelerated progress.</p>

D.	To support the emotional wellbeing and mental health of all pupils and families.	<p>Continue to purchase the services of a trained counsellor/ school family worker.</p> <p>To deliver pastoral support through a trained teaching assistant.</p> <p>Provide a lunch time nurture club and individual/ small group nurture support</p> <p>To keep the training of the mental health up to date. To seek and implement targeted support for individual families through external services.</p>

5. Planned expenditure					
Academic year		2020/21			
The three headings below enable schools to demonstrate how they are using the Pupil Premium to improve classroom pedagogy, provide targeted support and support whole school strategies					
i. Quality of teaching for all					
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
<p>Quality first teaching. To accelerate the progress of disadvantaged pupils.</p> <p>To provide enhanced support to meet the individuals' needs.</p>	<p>Invest in staff training to ensure quality teaching of reading, writing and maths.</p> <p>Purchase training and knowledge through Teaching and learning Adviser Support. Strong focus on the teaching of spellings and writing.</p> <p>Teachers to attend training to develop their understanding of the complex needs of children</p> <p>Link Governors to visit and review the teaching and progress of vulnerable groups.</p>	<p>The EFF states, " Good teaching is the most important lever schools have to improve outcomes for disadvantaged pupils. Using Pupil Premium to improve teaching quality benefits all and has a particular positive effect on children eligible for Pupil Premium.</p> <p>Previous data shows PPG making less progress than their cohort in writing.</p>	<p>Staff training Pupil progress meetings Performance management Data tracking</p>	<p>HT SLT</p>	<p>Half termly in years 2,5 and 6 Termly in years 1,3,4</p>

i. Targeted support					
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
Closing language barriers.	<p>Specialist speech and language support. Talk Boost intervention TA trained to provide quality interventions. Frequent analysis of the impact of the intervention.</p> <p>EYFS staff to continue to develop and use high quality interactions, provision and observations to secure progress for all pupils with a focus on disadvantaged pupils.</p>	<p>Early screening of children’s speech and language identifying children below expected development. Interventions in previous years demonstrate a good impact of the chosen intervention. EEF research shows that short interventions and development of independent learning skills is a value for money support. Writing: Oral language interventions which focus on spoken language and verbal interaction in the classroom appear to benefit all pupils. Some studies also show slightly larger effects for younger children and pupils from disadvantaged backgrounds. A focus on oral language skills will have benefits for both reading and writing.</p>	<p>Pupil progress meetings. Regular reviews.</p>	<p>Speech and language team. SENCO</p>	<p>Early Years children screened and speech and language gaps identified. Services of a speech and language teacher purchased. Specialist interventions completed for the reception cohort.</p>

<p>Closing the gaps in reading, writing and maths.</p>	<p>Targeted interventions. Advisor support. Invest in training to support the teaching of spelling across the school.</p> <p>Targeted sessions alongside themed activity to enhance learning behaviours.</p> <p>CPD for Teaching Assistants and teachers to up-skill them in the development of reading skills. Pupils to have access to high quality reading books.</p> <p>All staff to identify next steps in Maths and the linked planning documents to address these. Maths and Literacy subject leads to deliver staff development training in the planning and delivery of challenge and meeting pupil need.</p>	<p>The EFF guide to the pupil premium states, “ There is strong evidence showing the impact that high-quality interventions can have on the outcomes of struggling students. However, while interventions may well be one part of effective Pupil Premium strategy, they are likely to be most effective when deployed alongside efforts to improve teaching, and attend to wider barriers to learning.”</p> <p>Maths A number of projects which employ meta-cognition approaches have found positive impacts on attainment for programmes that seek to improve students’ abilities to plan, monitor and evaluate their learning: Thinking, Doing, Using Self-Regulation to Improve Writing, Changing Mindsets and Philosophy for Children. EEF research</p>	<p>Pupil progress meetings. Data analysis. Regular feedback from sessions.</p>	<p>SLT, SDT SENCO Literacy coordinator. Attendance rises for all groups, particularly disadvantaged pupils.	Pupils will be offered reduced cost breakfast club. Each PPG family to receive £10 towards the costs of extra-curricular activities.	Research published by the Department for Education (DfE) suggests that children with poor attendance are more likely not to be in education, employment or training when they leave school. There is a clear link between poor attendance at school and lower academic achievement, highlighting that only 3% of pupils who miss more than 50% of school manage to achieve 5 or more A*-C GCSEs, including English and Maths, compared with 73% of pupils who have more than 95% attendance. The DfE suggest strategies such as early morning intervention and rewards for attendance as proven and effective tools in order to improve the attendance of lower attenders. <p>Improve learning through enrichment and specialist teaching</p>		<p>Due to their being limited opportunities for children to learn an instrument the school has provided violin lessons for a year to one year group. In addition three year groups have received specialist music lessons weekly. The specialist teaching enhanced the learning experience for many children.</p> <p>The school has subsidise the cost of swimming lessons for four year groups to ensure all children are able to access the lessons. One year group missed their swimming lessons due to the Covid-19 pandemic.</p> <p>PPG families received £10 which were used against the cost of enrichment activities.</p> <p>The school provided a variety of enrichment experiences throughout the year to enhance the learning experiences of the children. Some of the summer trips were cancelled due to the Covid-19 pandemic. These included the year 5 and 6 residential trip and some summer day trips.</p>	<p>The school will continue to support and provide enrichment and specialist teaching next year.</p>
