Dear parents/Carers,

We have been informed about a video that can be accessed through YouTube that talks about Adverse Childhood Experiences (ACEs) and the impact that these can have on children all the way into adulthood. It is a difficult video to watch and does come with a health warning but it is very powerful. Please remember that school are able to facilitate support if either you or your children have concerns. We are here to help make things better so that your children can flourish later in life. Search for ACEs video Blackburn.

Barnwell School issued a reminder this week about road safety and the importance of wearing a cycle helmet after one of their students was involved in a serious road accident. Please can you remind your children about road safety
