### PSHE Curriculum

As part of our PSHE curriculum, Year 6 children will learn next week about the key aspects of puberty and the differences they will encounter as they grow older and into the next stages of their lives. An extended amount of time will be provided for children to explore their feelings, to ask questions and for misconceptions to be addressed around all aspects of SRE. It may be appropriate for the boys and girls to have their sessions separately. Using 1 Decision Modules, children in Year 6 will also learn about conception and puberty.

Naturally, SRE can cover sensitive issues. We recognise that the children in our care come from a variety of backgrounds and have had differing life experiences. Staff will always deal with questions sensitively and clear up misconceptions skilfully. It may be appropriate for certain questions to remain unanswered and for that child to receive an explanation that perhaps they will learn the answer to their question when they are older. Certainly if this is the case, parents and carers will be informed.

If you wish to view the DVD in advance, please talk to Ms Miller.

If you would like your child to opt out of this session, please complete the slip below. If we do not receive a slip, we will assume that you would like your child to take part.

Many Thanks,

Vanessa Miller  
Class Teacher
